I haven't heard any reaction. The flier is odd.

What caught my eye was their claim that the source of the PCBs was unknown.

BTW, I sent this email before leaving the office on July 22 but my Outlook was not sending messages out that day??

Has anyone heard of any reaction to the flyer?

This is what caught my eye:

8) Are you aware that under the development agreement, ALL off-site environmental issues related to the Ag Park are the responsibility of the City?

FYI, Dot forwarded this to me. Apparently it went out w/o our knowledge.

Maryam, Amit and Steve,  
I just received this flyer from Patrice that was sent out by the Developer, Friends of The Riverside Airport. I have concerns about many of the statements, including the reference to an agreement between the developer and the USEPA.
